*The School of Mathematical Sciences invites you to join us.*

### **Curated Conversations: Cancer, Equity, and the Mathematical Sciences**

A conversation between Eslie Dennis, MD and Guada Lozano, PhD

Esleie Dennis, MD and VP for Medical Affairs at Roche Tissue Diagnostics, discusses her passion for her career with Guada Lozano, PhD, Associate Research Professor of Mathematics. Roche Tissue Diagnostics, founded by a University of Arizona professor, is now part of one of the largest global biotech companies.

This curated career conversation is designed for anyone interested in learning about the intersection between mathematics, science, medicine and industry, and how navigating diverse career experiences can help us tackle some of the greatest unmet medical needs.

**Undergraduate and graduate students are encouraged to join us.**
