

THE UNIVERSITY OF ARIZONA  
School of Information

# MS Data Science Lightning Talks

## November 8, 2023

12 - 1pm

**ONLINE  
EVENT!**

[ischool.arizona.edu/events/ms-data-science-lightning-talks](https://ischool.arizona.edu/events/ms-data-science-lightning-talks)

Join us for an hour of enlightening discussions at our first **MSDS Lightning Talks** event! Explore cutting-edge topics like deep learning, with a focus on NLP and Transformer-based research, unlocking the power of data in data science and biomedical engineering, the significance of data democratization and fraud detection in banking, smart placement of temporary sensors in water supply networks, alternative approaches to enhancing Tableau dashboards, and diving into the world of sarcasm detection with NLP techniques. Don't miss the chance to broaden your horizons on these exciting subjects!
